VOLUME 57 | THE TOWNSHIP REGISTER, NILES, CALIFORNIA, FRIDAY, SEPTEMBER 7, 1945 | Number 36

WITH THE ARMED FORCES

Staff Sgt. RICHARD LAUDENSLAGER, son of Mrs. R. Laudenslager of Newark, has written friends of his recent promotion from the rank of Corporal.

He is believed to be stationed in Tokio with the 11th Airborne Division to which he is attached.

A graduate of Washington Union High School, he has been in the Army for more than two years, and has been overseas since February, 1944.

——V——

GEORGE BONDE, Jr., son of Mr. and Mrs. George Bonde of Niles, is with the A.V.S. in India. He has no idea when he will be home, but is finding his stay in India rather interesting. Censorship prevents him telling much about that country in his letters, however.

——V——

S 1 c LEROY GOMES has written his mother, Mrs. Rose Harvey of Niles, from his new station, Lake Pontchatrain, La.

He has been in the Navy for two years.

——V——

Cpl. DONALD J. NORRIS has written his wife, Mrs. Rose Norris of Niles, that he was recently flown from Luzon to Okinawa where he is now stationed.

He stated that "in the near future" he expects to be stationed in Japan.

Norris has been in the Army for four years and has been overseas four months.

——V——

Lt. ANTHONY SILVA returned to Niles last Tuesday with his wife, the former June Roderick, for a 21-day furlough at their home in Niles.

The couple have been living in San Angelo while he has been stationed at the San Angelo Army Air Base in Texas for the last four months piloting student bombardiers.

Silva received his wings at Blackland Army Air Base and has been in the Army for 26 months.

——V——

B. 1 c and Mrs. Thomas Ashton visited his sister. Miss Margaret Ashton of Niles, last Wednesday evening.

The former Washington Union High School football player has 31 months overseas duty to his credit. He has been in 20 separate battles including Guadalcanal and the Coral Sea.

After finishing boot camp in 1940 he volunteered for deep sea diving training, and has been assigned with 11 other divers to an aircraft carrier.

——V——

Lt. JAMES GRAHAM is enjoying a 30-day furlough and is spending the present part of it at Lake Tahoe. He is communications officer on the U.S.S. Swasey.

FINAL RITES HELD FOR JOSEPH F. SOUZA

Funeral services were said last Wednesday for Joseph F. Souza, who died September 2, at his home in Mission San Jose.

He is survived by his wife, Felimina Souza; a son, Lt. Alfred Souza of the United States Navy; and a daughter, Veronica Meneze of Gustine.

He was a native of Fayal, Azore Islands.

The funeral was held at 8:30 a.m. Wednesday from the Berge Mortuary Company with services at the cemetery. Final interment was in St. Joseph's Cemetery in Mission San Jose.

KRAFTILE PICNIC SUCCESSFUL AFFAIR

The Kraftile picnic last Sunday at Linda Vista park proved to be a very successful affair. A large crowd of employees and their friends attended, and there were prizes for almost everyone.

WAR CHEST DRIVE COMMITTEEMEN TO MEET SEPT. 12

Town chairmen for the War Chest drive will meet at the Niles Justice Court Wednesday evening, Sept. 19, at 8 o'clock, according to Edward E. Enos, area chairman for Washington Township. The drive will start October 1 and end on the 31st.

This year's drive will aim at a quota of $14,500. Allotments of this quota are: War Chest, $11,500; Boy Scouts, $2,000; Girl Scouts, $500; Service Men's Welfare, $400; expenses, $100.

Town chairmen for the drive are:
D. Q. Grabill, Niles.
Warren Gravestock, Centerville.
Fred Melhase, Newark.
R. J. Wright, Irvington.
Wilbert Hendricks, Alvarado.
David Janeiro, Decoto.
Lois Justus, Mission San Jose.
John Smith, Warm Springs.
Mrs. Mamie Roderick, Alviso district.
A. J. Petsche, initial gifts.

Treasurer of the drive is M. I. Caldeira and secretary is Loretta Lewis.

Governor Earl Warren in a recent public statement urged support of this year's War Chest drive.

"Quite naturally," he said, "it is understood that there must be no letup in the assistance which are giving members of our armed forces as millions of them continue to serve in our Armies of Occupation, and we must continue our aid in the restoration problems in countries recently liberated from the enemy. I think it is also understood that our concern for the morale and well-being of our armed forces did not end with the achievement of military victory. It must carry on through the days and months when these men are returning to their homes and to the readjustments which they must face.

"It has been proven conclusively," continued the governor, "that the War Chest bolsters morale with direct services to our men and women in uniform. A long story could also be told of its services to the families and communities of these fighting men. What has been done must be continued and I am sure all who have familiarized themselves with the programs made possible by the War Chest will agree that continuance is a matter of urgency."

ROGER HATCH SUCCUMBS TO DEATH

Following an illness of 14 years, Roger Hatch succumbed to death August 30, at his home in Niles.

He is survived by his widow, Luella Hatch, and is the son of the late Mr. and Mrs. A. A. Hatch, prominent family in the township. His mother was president of the Niles Congregational Church Guild for 20 years.

Born in Blue Springs, Mo., Mr. Hatch had lived here for the past 25 years.

Funeral services were conducted by the Berge Mortuary Company last Saturday, with inurnment at the Chapel of the Chimes in Piedmont.

LIONS TO ADD MORE NAMES TO HONOR ROLL

Plans to add another 150 names to the Washington Township honor roll were discussed during the last meeting of the Lions club. The names will fill the 112 square feet on the board originally provided. Arrangements are now being made by chairman Joseph Adams, for additional space for names to be placed on the board in the future.

Since the dedication of the honor roll in April 1944, names have been added gradually under the direction of Adams and his two-man committee, Anthony Alameda and Erle Hygelund.

According to committeeman Erle Hygelund, the more than 1000 names will cover the board when the new names are added.

ST. JAMES GUILD TO MEET WEDNESDAY

The St. James Guild will hold its first fall meeting at a luncheon garden party at the home of Mrs. R. W. Tyson of Niles, on Wednesday, September 12, at 1:30 p. m.

Mrs. Val Tuchsen is president of the Guild.

MRS. HENRY POWELL IN HOSPITAL

Mrs. Henry Powell, prominent Hayward clubwoman, and sister of the late O. E. Walpert of Niles, is seriously ill in an Oakland Hospital.

CENTERVILLE TO AGAIN HAVE SCHOOL LUNCH PROGRAM

The Centerville elementary school cafeteria, it was announced this week, has been designated by the United States Department of Agriculture as a participating unit in the community school lunch program.

The cafeteria, operated through the cooperation of the P.T.A. and the board of trustees, will be reimbursed nine cents for each Grade "A" meal, served with milk; seven cents for each Grade "A" meal without milk; and two cents for each bottle of milk sold without lunch.

Congress has appropriated $50,000,000 to the U. S. Department of Agriculture for the operation of a school lunch program, during the 1945-46 fiscal year. The main purpose of the community school lunch program is to aid sponsors in serving nutritious, properly-balanced meals to children in schools.

NEWARK HONOR ROLL GETS UNDER WAY

Chairman Joseph Pashote announced this week that the committee in charge of the Newark Honor Holl began building the six by eight and a half foot board last Wednesday night. The men have volunteered to work on the board for two hours each evening and expect to finish the carpenter work within three weeks.

The committee, including Louis Caldeira, Maurice Caldeira, Orland Meneze and Lawrence Costa, will be assisted by Arthur Cotton, a Newark carpenter.

The Honor Roll is a tribute to Newark servicemen of this war and, according to the chairman, will have more than 300 names.

LESLIE HILLER IS NEW TRUSTEE

County Superintendent of Schools Vaughn D. Seidel, today announced the appointment of Leslie Hiller to the Board of Trustees of the Irvington Elementary School District to fill the unexpired term of I. J. Anthony who resigned on July 21.

Mr. Hiller has been a resident of Irvington for nine years and a former student of Washington Union High School at Centerville. Hiller will work with R. A. Griffin and Joe Silvera, the other two trustees for the district.

Mr. Anthony, a P. G. & E. employee, has moved to Northern California.

DECOTO REDCAPS WIN OVER CASTRO VALLEY

After winning their game last Sunday against the Castro Valley team with a score of 18 to 0, the Decoto Redcaps were in first place in the league. The team has five more games to play before the series is over.

The first of the five games will be played next Sunday in Hayward when they meet the Tiaga Team.

The Decoto "A" team finished the series in third place two weeks ago.

ROTARIANS HEAR PLANNING ADVISER EXPLAIN ZONING

Work has been progressing satisfactorily on surveys and studies preparatory to adoption of a county zoning ordinance, according to Roland L. Campbell, adviser to the Planning Commission of Alameda County, who addressed the Niles Rotary Club at its luncheon meeting yesterday.

Campbell, who is planning adviser for six bay area counties, explained the steps that have been taken thus far in mapping present land uses, soil conditions, highway traffic conditions, population distribution, etc., which are necessary to planning for county zoning.

Alameda County, he said, has been the most backward metropolitan county in California in establishing land use control. With population growth indicated for the whole of Alameda County, he said, zoning is extremely vital.

He complimented the Washington Township Planning Committee upon being the first group in the county to see the need for county zoning and securing action by the Board of Supervisors.

Zoning, he said, will not infringe on any present land uses but will simply seek to guide and control future uses. This will include recreation sites, industrial, commercial and residential areas, recreation areas and school sites.

In the past, he told Rotarians, this county has had nothing more than a subdivision ordinance with which to control certain areas. This and the presently proposed zoning ordinance and county building code are all necessary to provide for proper land use and development.

William Dutra was program chairman.

NILES MAN FOILS ATTEMPTED ESCAPE

James "Happy" Delurey of Niles barely escaped serious injury last Monday when he helped foil an attempted Detention Home escape in Oakland early Monday morning.

Delurey was making his rounds as night watchman at the home when he heard the night Supervisor, Ezra Weinstreub, call for help. Arriving at the scene he attempted to aid Weinstreub but was overpowered by the three escaping boys who were armed with a seven-pound work boot.

They were unsuccessful in obtaining his keys however, and after a struggle they surrendered. Delurey was taken to a hospital where his wounds required three stitches.

He has worked as a night watchman at the home for two years.

SALT HARVEST TO START SEPT. 17

Washington Township's most unique harvest is scheduled to start September 17. And the crop this year will be exceptionally good because there have been no rains!

The Leslie Salt Company in Newark looks for a bumper salt crop this year from its ponds, according to Manager Joe Buchen, with a harvest of around half a million tons.

The work will last for three months and 100 men will be required.

KRAFTILE BOSSES WORK OVERTIME

* * * * * * * * *

SO, APPARENTLY, DO FEDERAL SLEUTHS

Nowadays you've got to be careful.

If you happen to just turn around maybe you're breaking a law. Or if you don't turn around you might be breaking another law. You don't know just what to do; but anyway, you've got to be careful. There are so many people working for the government. And some of these watchbirds are watching you!

That's what C. W. Kraft, president of Kraftile Corporation, found out. Even if you just work you might be violating some kind of a law or regulation.

Some time ago Kraft and a number of men on his local office staff decided they'd put on old clothes after work and get out in the plant at night and help shovel clay and unload kilns. Help was impossible to get and work was accumulating.

They did this. Executives doing hard manual labor is of course unusual and therefore news, so a story about how they were thus helping the war effort got into a city newspaper.

Operative X of a certain government bureau saw the item and referred it to Operative Y, who referred it to Operative Z in Washington. There being no more letters in the alphabet, Operative Z set things in motion. An investigation was indicated and prescribed. Maybe these fellows way out in Niles, somewhere way out in California, were infringing on the rights of somebody—or something.

So Kraft and his crew were investigated!

But it all turned out all right. They weren't hurting anybody by putting on their old clothes and working in their own plant. They were only hurting themselves!

At least, so it must have seemed to the investigating authorities, who decided that these executives, while unloading kilns and shoveling clay, must pay themselves 70 cents per hour plus time-and-a-half for over time!

SHOEMAKER IN NEED OF CONTRIBUTIONS

Donations for the Shoemaker Hospital, except those for sponsored wards, have diminished considerably since the end of the war, and the Gray Ladies of Washington Township would appreciate any donations of flowers or fruit that anyone cares to make.

Donations should be left at Crane's Garage, Niles, by 11 A. M. any Wednesday. Mrs. Clarence Crane, hospital chairman of the Niles Gray Ladies, will see that these donations are given to the Red Cross Hospital and Recreational Corps at Shoemaker to be distributed among the patients there.

ALAMEDA COUNTY GRAPE GROWERS ORGANIZE

A meeting of all grape growers of Alameda County for the purpose of forming a grape committee and electing a grape committee chairman, was held last Thursday evening at the City Hall in Pleasanton, with R. J. Ruetz acting as temporary chairman.

Nineteen grape farmers were present to organize the committee and to hear the guest speakers talk on various subjects pertaining to grapes.

The speakers were Bert Smith, secretary of the California Farm Bureau Federation, who gave a talk on the advantages of the Compensation Insurance for the farmer; Edwin Orloff, president of the Alameda County Farm Bureau, who talked on the foundation of the Farm Bureau; Alex Johnson, director of commodities of the California Farm Bureau Federation, speaking on the OPA listing of grape prices; and Tom Morrison, who gave an interesting speech on the Mite or Red Spider, which has been a major problem in this area.

H. C. Underwood, executive secretary of the Alameda County Farm Bureau, took charge of the meeting until R. J. Ruetz of Pleasanton was elected temporary, then permanent chairman. W. J. Waggoner of Livermore was elected vice-chairman.

CURTAIN FALLS FOR SYBIL TUCKER

One of Niles' most beloved characters faded from the scene last Friday when Sybil Tucker, 62, suffered her third and final stroke.

Mrs. Tucker, who was well known in Niles for her colorful costumes and her whimsical manner, was born in Loyal, Wis., on April 16, 1883.

Completing her studies in Home Economics at the University of Wisconsin in 1903, she moved to Washington where she married Felix Chartrand. For the next seven years she travelled widely with a vaudeville circuit and accummulated some of the fifty costumes which she later wore in Niles. She had a popular act in which she sang and performed novelty dances.

In 1919, after the death of her first husband, she married Daniel Tucker, and the couple returned to Seattle, Washington.

She worked as a practical nurse until in 1931 she suffered a nervous breakdown and was confined to a hospital for three and a half years.

Two of her songs, "Lassie's Promise," and "Goodbye My Darling," were published and realized limited success.

She is survived by her husband, Daniel Tucker, a distant cousin of the famous Sophie Tucker, two sons, Walter and Lester Chartrand of Seattle; a brother, John Lester Tynan of Fondulac, Wis; and two sisters, Maggie Kleine of Greenwood, Wis., Nell Armitage of Montrose, Col., and five grandchildren.

Funeral services were held at 9:30Tuesday morning following mass in the Corpus Christi Church in Niles.

Final interment was at Holy Sepulchre Cemetery under the direction of the Berge Mortuary Compyany.

NILES MAN SUFFERS IN HIGHWAY ACCIDENT

Bert Owen of Niles suffered two chipped vertebra and a fractured rib last Friday night when the rear of his car was hit by Louis Duval of Hayward on the highway near Valle Vista.

He is now under the care of Dr. E. M. Grimmer of Niles.

Duval damaged his car badly but was not injured.

Pryor's Attorney Tries To Steal Show; Hearing Drags to Extra Session

The preliminary hearing of Thomas Pryor on a charge of assault with a deadly weapon at last got under way Friday in the Niles Justice Court, with Pryor's young attorney, E. R. Plotner of Oakland, immediately assuming the lead role in the courtroom drama.

Not waiting even until his cross-examination of the complaining witness, Arthur Jacobsen, who until Friday had not recovered sufficiently from his two bullet wounds to appear in court, Plotner made a couple of grandstand plays with course comedy. When Assistant District Attorney Frank Crews showed him the bullet-pierced shirt that Jacobsen wore at the time of the shooting, Plotner's comment was, "Must've been moths." And when he was shown Jacobsen's blood-stained undershirt Plotner remarked, "Tattletale grey."

Murmurs throughout the well-filled courtroom indicated that Plotner's comedy didn't go over too well.

As the hearing opened Crews put Jacobsen on the stand and had him identify the various articles of evidence of the pool hall fight on the night of June 30 in Pryor's place in Niles. There were the articles of clothing, the .22 pistol, and a broken pool cue.

According to his story under Crew's questioning, Jacobsen entered the pool hall at 9 p.m. and played draw poker until midnight. When he went to cash out his chips, a pool hall employe known to Jacobsen only as "Pappy" held out about $3 of the $12 that Jacobsen claimed was due him.

Pryor entered the ensuing argument and told Jacobsen to take the money that had been offered him and get out. Jacobsen testified that on his refusal to get out Pryor struck him across the face with a blackjack.

Then Jacobsen struck Pryor with his fist. Pryor grabbed a pool cue, broke it over Jacobsen's right shoulder, and then took up the pistol. He threatened to shoot if Jacobsen didn't get out.

Jacobsen picked up a bar stool and advanced. Pryor fired. Four times he fired. One bullet grazed Jacobsen's right shoe, another struck him in the ankle, and a third hit him in the left side of the chest.

He was taken to the Fairmont Hospital in Oakland. He was hospitalized for 47 days, being released August 15.

Taking over examination of Jacobsen, Defense Attorney Plotner immediately asked about the quantity of liquor the complainant had consumed that evening. The

(Continued on page 2)

DECOTO MAY GET 6000 FT. OF NEW WATER MAINS

Water users of Decoto were assured 6,010 feet of new pipe mains within a year, if material and labor are obtainable, by E. F. Glassbrook of the Public Utilities California Corporation, when he spoke to the Decoto Chamber of Commerce at its monthly meeting Tuesday evening.

The plan outlined by Glassbrook included laying of 900 feet of 4-inch pipe from 8th and E streets to 10th and E; 2,900 feet of 6-inch pipe from 5th and G to 6th and Whipple Road; 560 feet of 4-inch pipe from 10th and D to 10th and E. Numerous 2-, 4-, and 6-inch mains will be tied in.

Fire Chief Ronald Bendel was appointed by the president, David Janeiro, to make a survey of all of the town's fire hydrants as part of the water situation.

At the suggestion of Supervisor Chester E. Stanley, a survey of the towns lights will be made by George Smith, Manuel White and David Janeiro.

Janeiro appointed a two-man committee, William Davis and Joseph Seone, to determine the cost of purchasing and operating a neon sign. If the plan can be carried out, the sign will be placed on the highway.

The report on the proposed monument, which was expected at this meeting, was postponed pending its acceptance by the Board of Supervisors of Alameda County. If accepted, it will be placed on the corner of 4th and 8th streets.

Since the monument was first proposed by Raymond Pagan, more than $1600 in donations from Decoto and the surrounding towns have been collected.

Following the 3-hour meeting the members and guests enjoyed coffee and do-nuts.

MRS. EMIL MAY TAKEN BY DEATH

Mrs. Emil May, prominent Alameda county clubwoman, died suddenly last Wednesday night at her Hayward home.

President of the Hill and Valley Woman's Club in Hayward, Mrs. May had been prominent in community affairs for many years.

She is survived by her husband, whose sisters are Mrs. O. E. Walpyert, and Mrs. Bertha Richmond of Niles.

Funeral arrangements are pending.

TOYON CAMPAIGN FOR BUILDING FUND CONTINUES

A report on the progress of the current campaign to raise money for the building fund of the Children's Hospital, will be given at a box-lunch meeting of the Toyon Branch to be held in the gardens of the Decoto home of Mrs. Herbert Harrold, next Tuesday at 12:45.

Mrs. J. C. Shinn, chairman of the campaign committee, announced that the campaign has met with generous response from the townspeople.However, many more dollars are needed to swell the coffers so that the needs of the children in the hospital can be met.

Those who wish to contribute to this worthy cause may do so by sending checks to Mrs. Helen Ford, Niles, secretary.

LAURA LOMA PARLOR TO HAVE BARBECUE

A steak barbecue with everyone bringing her own steak was planned for next Tuesday night by the Laura Loma parlor of the Native Daughters when they met last Tuesday night at the Odd Fellows hall.

The new president, Mrs. Carrie Perry, conducted her first meeting and selected committees for the barbecue.

Seventeen members are expected to attend the out-door affair.

Shopping Around

Realizing that the let-up of gas rationing is inducing home-towners to go out of town to shop, I have made a little tour of the stores, just to see what we could buy here in our own locality. What I found was interesting, if not downright illuminating. Why go away to shop, when you can get most anything you want right here in town! I had fun snooping around. You will, too.

(Note to advertisers) This column will be published once a month. If there is any product you would like to advertise in it, contact the Register office.

* * *

Of course you've been in ORA'S APPAREL SHOP in Niles. Everybody has. It's THE place to buy your smart-looking dresses. But did you know that Ora has some STUNNING costume jewelry?

Don't throw that last year's basic dress away. Go to Ora's and select a necklace, or a bracelet, or a pin,—and watch that dress come to life! It's WONDERFUL what a piece of costume jewelry will do to a plain dress.

And have you seen those NEWER-THAN-TOMORROW plastic compacts that Ora has? Really, you're missing something! Better get one now while the supply still lasts. They're going to be THE RAGE.

* * *

Surely you've met Mrs. Brahmst, who waits on you when you go into the Niles Electric Company in Niles? You haven't? Well, don't wait another minute. She and her husband own the business, and two more obliging and pleasant people would be hard to find.

And, incidentally, while you're in there, ask Mrs. Brahmst to show you a pin-up lamp. They're DARLING. Just the thing to put on that bare space on the wall. And, what's more, they have INDIRECT LIGHTING. And so EASY to install. And the price, well—it'll make you smile. ONLY $3.50.

And before I forget it, I'll let you in on a little SECRET. Sh-h-h. The Brahmsts just got in three electric butter churns. Only three, because they're only now beginning to be manufactured again. So if you want one—and who wouldn't!—better HURRY. The price is a steal, at $18.95. Don't stand in line, waiting to BUY butter. MAKE YOUR OWN.

* * *

Here's a product you won't want to BE WITHOUT. And to think you can buy it RIGHT HERE at the Niles Furniture Company. It's "Fla-Moth," that miracle liquid that protects your fabrics from fire AND moths! Hotels have used it for flame-proofing and moth-proofing the drapes, rugs and upholstered furniture — AND mattresses. NOW, YOU can use it too. You're foolish if you don't buy a quart today (at 90c a quart) and protect those precious rugs and draperies of yours . . . . and your suits, too! Remember, at the NILES FURNITURE COMPANY. They're always glad to have you come in to LOOK, anyhow. You'll find lots of interesting things there, including some of the most attractive rugs you've EVER SEEN. And they're made of FELT HATS, that are HAND-WOVEN at the Colonial Felt Mills in Minnesota. BEAUTIFUL! PRACTICAL! Priced from $1.95 up.

* * *

And now we come to Rees' Drug Store, where genial Mr. Rees holds sway. If you're feeling blue or 'low,' his bit of cheery greeting is better than any TONIC you might find on his shelves.

But why feel blue? Forget about your own troubles by reading about those of others! And for that we recommend any of the great STACK of magazines that Mr. Rees sells. Like highbrow stuff? Then buy the READER'S DIGEST. Like wild west? He has those, too. And LOVE? Well, he has magazines galore that deal with that ever popular subject.

And by the way, SOMEONE in your family is having a birthday soon. Better see Mr. Rees and buy a greeting card NOW, before you forget. He has them for any relative you could name, be it aunt, cousin, brother, who what have you.

* * *

Every fastidious person hates to see dandruff spilling out all over the shoulders. It's—well, it's something your best friends hesitate to tell you about; but it's something you SHOULD do something about. Oh, I know. You've "tried everything." But, have you tried the BRAND NEW (at least in this country) dandruff remover that you can buy at Whitaker's Pharmacy? The name of it is Dr. Page-Barker's Hair Lotion. The people in England have been using it for years. For years, the Americans have been trying to get it. NOW, AT LAST, THEY CAN. It's the ACTUAL BRITISH PRODUCT. If after following directions, it fails to eradicate the dandruff, YOU CAN GET YOUR MONEY BACK. That's the amazing guarantee that the firm offers. You're passing up a good bet, if you don't buy this now. It's a TIME-TESTED product.

* * *

So you think you can't DYE! "There's no use," you say. "I've tried to dye dresses before and they never turn out right." BUT—have you tried the NEW ALL-PURPOSE RIT that you can buy at Cozzi's Variety Store? Honestly, it makes dyeing as simple as living! And—you can use this all-purpose Rit on ALL fabrics. You don't need a special dye for silk, or woolen, or cotton.

Use ALL-PURPOSE RIT on anything—celanese, nylon, sharkskin, jersey, and so forth. And listen to this WONDERFUL guarantee: if you dye, and the dye doesn't take, take the garment back to Cozzi's. They will send it to the manufacturers, and if they, too, are unsuccessful, they will SEND YOU A NEW GARMENT. You can't lose! Buy it today, at Cozzi's. And while you're there, pick up some school supplies — binders, pencils, filler paper, rulers, etc.—for the kids. They'll thank you for thinking of them.

* * *

PAJAMAS FOR CHILDREN! There! I knew you'd open your eyes when you saw that. Everyone knows they're as scarce as the proverbial hen's teeth. But now you can get them here in NILES! At the NILES CLOTHING CENTER, which is—in case you don't know—near Crane's Garage. Such a neat, compact little store it is, too. If you haven't been in, make it a date. Oh yes, the pajamas are in sizes from two to eight—and the price is RIGHT.

. . . AND THE FLOODS CAME TO DECOTO

More than 100,000 gallons of water was lost last Sunday when a fire hydrant at the corner of 6th and E Streets in Decoto was broken off by a hit and run driver.

The water ran unchecked from twelve o'clock Sunday until seven the next day when the Public Utilities California Corp. officials were notified of the accident.

The water flooded three blocks of the street and by morning began overflowing into nearby yards.

HARVESTER ADOPTS NEW IH SYMBOL

A new emblem, made up of the letters "I" and "H", has been adopted as the trademark of the International Harvester Company, according to Elwood Johnson, manager of the Arthur C. Day Company of Hayward, International dealers.

INTERNATIONAL HARVESTER

The new symbol, Johnson explains, replaces an older ICH trademark which has been placed on millions of machines and parts in past years. The company's history goes back to Cyrus McCormick's invention of the reaper in 1831.

International Harvester manufactures farm tractors and machines, motor trucks, industrial power and refrigeration machinery.

LADIES GUILD HAS FIRST FALL MEETING

According to an announcement by Mrs. E. A. Ellsworth, president, the first fall meeting of the Ladies Guild of the Niles Congregational Church will be a luncheon meeting held at the Ellsworth gardens next Wednesday, Sept. 12, at 12:30.

PRYOR HEARING

(Continued from page 1)

examination followed this tack for a considerable time, with Plotner quibbling over degrees of sobriety, rephrasing questions, apparently to confuse the witness, the result of all which seemed to confuse everybody in the courtroom—even Plotner himself.

Jacobsen testified that between the time of leaving his job in Oakland and entering Pryor's poker game he had had five drinks of whiskey. While in the poker game he said he had one bottle of beer and one drink of whiskey out of a bottle.

Plotner—a seeming would-be-Clarence-Darrow—then tried to pin down Jacobsen with an admission that he was drunk. Jacobsen admitted that when he entered the pool hall he might have been "not-exactly-sober"; but he said he was not "drunk."

The cross-examination grew tedious. Jacobsen, obviously in a weakened state from his wounds and long stay in the hospital, became nervous under Plotner's confused and confusing questions.

Finally the hearing was recessed until Wednesday, Sept. 12.

The flag of New Zealand bears four red stars representing the constellation of the Southern Cross.

MOTHER FINDS IT ISN'T MAGIC AFTER ALL

VACATION PEP! IF ONLY JIMMIE'S WOULD LAST THROUGH THE SCHOOL TERM!
MY TWO INDIANS DON'T SEEM TO LOSE ANY—SCHOOL OR NOT!
HEY, MOM, COULD WE HAVE SOME OF THOSE TOMATOES... AN' SOME OF THAT CELERY—WE'RE HUNGRY!
WHAT MAGIC DO YOU USE? JIMMIE NEVER ASKS FOR THAT KIND OF SNACK!
JIMMIE ATE IT, YOU NOTICE! MY TWO EXPECT FRESH FRUITS AND VEGETABLES EVEN IN THEIR LUNCH BOXES
MIND MY GOING SHOPPING WITH YOU? I WANT TO SEE WHERE YOU FIND THOSE ENERG. BUILDERS!
NO USE TO STINT ON THE SEASON'S BEST—ESPECIALLY WHEN YOU KNOW IT'S GUARANTEED
JIMMIE, M'LAD, IT LOOKS LIKE SAFEWAY'S OUR STORE, TOO, FROM NOW ON!

Prices in this Ad are effective Thursday, Friday, and Saturday, September 6 - 7 - 8 in San Francisco, Oakland, Alameda, Berkeley, Hayward, Richmond and other cities and towns (except Menlo Park) in San Mateo County and Alameda and Contra Costa Counties, unless changes are required as a result of new OPA regulations.

Children are great energy-spenders

and one of the most appetizing ways of replacing that energy is the serving of fresh fruits and vegetables—at meals and between meals. Safeway guaranteed produce is tops in quality and low in price always.

SAFEWAY

Hunches for Lunches

Full of health and brown as berries the children troop back to their desks. Keep them that way with adequate lunches to supply energy for indoor tasks. Here's our blueprint for a taste-appealing, well-balanced box lunch. Expand each section of the blueprint as the year progresses and soon you will have a ready reference to take the monotony out of the daily luncheon for both the youngsters and oldsters in your family.

One Hearty Sandwich
Meat, fish, egg or cheese
One Variety Sandwich
Carrot and raisin, marmalade or jam, peanut butter and jelly
Something Crisp
Whole tomato, carrot strips, celery
Something Sweet
Cookies, cup cakes, turnovers, pudding or candy
Beverage
Thermos of milk, chocolate, cream soup or egg nog

HONEY SPICE CUP CAKES

1½ cups all-purpose flour	⅓ cup shortening
1½ tsps. baking powder	6 tbsps. sugar
¼ tsp. soda	⅓ cup honey
¼ tsp. salt	2 eggs
¾ tsp. cinnamon	½ cup milk
¼ tsp. cloves	⅓ cup finely chopped nutmeats
¼ tsp. nutmeg	½ tsp. vanilla

Sift and measure flour; sift again with baking powder, soda, salt and spices. Cream shortening; add 4 tablespoons of the sugar gradually; beat in honey, 1 whole egg and 1 egg yolk until mixture is smooth, saving one egg white for meringue topping. Add flour mixture alternately with milk; add 4 tablespoons of the nutmeats, and flavoring, mixing thoroughly. Fill well-greased and floured cup cake or muffin pans ⅔ full. Top each cake with teaspoonful of meringue made by beating remaining egg white and sugar until stiff. Sprinkle topping with remaining nutmeats. Bake in moderate oven (350° F.) 25 minutes or until done. Makes 12 medium-sized cup cakes.

SANDWICH STUFFERS

Olive and Egg—Combine equal parts chopped hard cooked egg and ripe or green olives. Moisten with salad dressing.

Salad Sandwich—Mix ground raw carrot, chopped raisins and a dab of peanut butter with enough salad dressing to moisten.

Hot Dog—Grind cooked wieners and mix with chopped pickle, a bit of mustard and salad dressing.

Does the Township Know How?

For the first time since the war, we are to have a county fair. That is, indeed, good news to a people who have been deprived of "showing off" their wares and produce.

The Fair Grounds at Pleasanton are only a short distance from Washington Township. This will be our chance to make good our boasts that things grow bigger and better here. It is our big opportunity to show the rest of Alameda County what we, as farmers and growers and manufacturers, have been doing these war years in the way of producing.

It would, therefore, behoove us to make immediate plans for entering our prize produce in the exhibits at the Fair. Whether we raise poultry, flowers, prize hogs, cattle, sheep — or whether we manufacture bricks or pottery—the thing to do is to SHOW them.

Too long has Washington Township hidden its light under a bushel. We want the county to know that we're alive down here, that we DO things. We want them to know this FOR A VERY GOOD REASON. When county money is appropriated, Washington Township wants its share of it! Thus we must take every opportunity to make ourselves felt. And here is our big opportunity—THE COUNTY FAIR—presenting itself at our very doorstep.

Peace—Rural Roads

Now that the war is over $150 million annually will be available from the Federal Treasury for the construction and repair of the Nation's 2,400,000 miles of secondary and county roads for the next three years.

What this will mean to farmers and to the country as a whole was pointed out in a recent editorial of the New York Times which said, "Nearly half of the farms of the Nation are located on dirt roads, and the program to surface these highways will benefit both producer and consumer. Hard surface roads save approximately two cents a mile in driving costs.

"The country's economy is more and more contingent on motor vehicles and a well-planned program of road building and maintenance based on real need and merit, will serve many essential purposes."

California will receive $22 million annually in Federal assistance for all types of roads. This money will have to be matched with funds from the State Treasury, but it will contributed substantially to the State's postwar road construction program.

The facts that virtually all California farm products are moved by motor carriers and that two out of every three tons of commercial intrastate freight is transported by the same means, indicates that good roads are even more essential in California than in any other state.

Pearl Harbor Report

The American people have finally been given a fuller, but not complete, report on the Pearl Harbor tragedy of nearly four years ago.

It is interesting to note that, rightly or wrongly, the Army and Navy officers who made the investigations felt that high Washington officials were as much responsible for our unpreparedness for the attack as were Admiral Kimmel and General Short.

But the whole story has yet to be told. Secretary of War Stimson has withheld that part of the report dealing with construction work at Pearl Harbor which was begun early in 1941 and which, it is said, would have greatly strengthened our defense against attack, if it had been completed. The charge has been made repeatedly in the past year or two that criminal negligence on the part of the American Army colonel in charge of this work delayed its completion. Suspicion has also been aroused by the fact that the contractor was a German national who was speedily pushed through the process for American citizenship only after he received the contract and against the protests of naturalization officials.

Secretary Stimson insists that these facts had no bearing on the Pearl Harbor disaster. If so, why conceal the information about it?

President Truman is right when he says that the entire Nation is responsible in a degree, but we should have all the facts so that we can intelligently demand such changes as will be necessary to prevent a repetition of that ghastly fiasco.

OUR READERS WRITE . . .

Bob Halpin, resident of the Masonic Home in Decoto and an old-timer around New York's Broadway, has contributed the following verse:

AUGUST 19, 1945
By Bob Halpin

The man has said that on this day
We all should bow our heads and pray,
And solemnly thank Him above
For the return of those we love
From foreign lands where they have fought
That War in ending may have brought
A peace on earth, for which we've longed
To set things back, where they belonged.

Perhaps it's right that we should pray
But I don't know just what to say,
In thanks for those returning Yanks
Who'll now come home from broken ranks,
Who've lain in blood and slept in mud,
Who faced the fury of a flood
Of lead and steel that all might live.

For this, of course, our thanks we give.

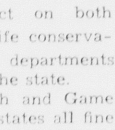
As novice then, on bended knee,
I'll offer up my humble plea
That war now o'er, and once again
Back to their homes may come our men.
I hope my prayer will mean as much,
Sans ceremonial rites and such,
That God may grant, now war is past,
That peace on earth for ever last—
But will it?

Addendum

I do not seek a niche in any hall of fame;
I've no desire to emulate the Bards of old;
I care not to perpetuate my name
Nor have it etched on tablet made of gold.

Though through the year, perhaps to come,
To come, I say perhaps, if they I nurse
I'll kill a little time, by dropping just a crumb
Of lines, which I at least, call verse—
Selah.

Sportsmen's News



The Associated Sportsmen of California announced this week the passage of a resolution which may have a decided effect on both future fish and wildlife conservation and the finance departments of many counties in the state.

The California Fish and Game Code (sec. 45 to 49) states all fine monies collected for violations of the code shall be paid into the Fish and Game Preservation Fund, one-half to the county in which the offense was committed and one-half to the State Fish and Game Commission.

Following the success of the Chico Rod & Gun Club, aided by the Associated Sportsmen, in securing the remainder of a sum of $1570 ($350 had been previously allocated) from the Butte County Board of Supervisors, the Association resolved to "lend its good offices" to any sportsmen's organization in gaining compliance with the law by other counties not now observing it.

The Butte County Board of Supervisors had been putting the fine money into the general fund, but after a ruling by Attorney General Robert Kenny and upon the advice of Butte County District Attorney Jack McPherson, the board members decided to live up to the spirit and letter of the law.

Other counties which have been doing likewise are urged to rectify their mistake, but if they fail to do so, sportsmen are asked to take the proper steps to secure full compliance. It may mean a great deal to them in increasing fish and game in their own region.

The Association is willing to supply any help needed concerning procedures to follow, or other necessary backing.

William Samuel Henson in 1842 patented a design for a power-driven airplane with a 150-foot wing spread.

DAVIS MAN WINS POULTRY AWARD

The Poultry Science Association Award of $100 for 1945 has been awarded to Dr. F. W. Lorenz, assistant professor of poultry husbandry on the Davis campus of the University of California. This award previously has been won by I. M. Lerner, then a member of the College of Agriculture staff, and by Dr. V. S. Asmundsen, associate professor of poultry husbandry, Davis.

Dr. Lorenz won the prize with his paper on The Influence of Diethylstilbesterol on Fat Deposition and Meat Quality in Chickens. In this he showed that pellets of diethylstilbesterol inserted beneath the skin of chickens caused marked increase in the fat content of the muscle tissue and in the quantity of fat in the normal fat-storing tissues. Also he showed that this improved meat quality, particularly in older birds with dark meat. Treated birds had better appearing carcasses and more tender and lighter colored meat.

Dr. Lorenz is on leave until June 30, 1946, engaged in private research.

Gold has been found in every county of California and, until the war caused a shut-down, was being produced in 50 of the 58 counties.

SUBSTITUTE OILS FOR FIRM FATS IN COOKING

Cooking oils may be substituted for firm fats, frequently in short supply, and satisfactory results may be expected, according to Hilda Faust, nutritionist of the Agricultural Extension Service, University of California.

Following a series of tests and experiments, using oils for baking in place of the standard shortenings in general home use, Miss Faust has prepared a series of recipes for cakes, biscuits and pie crust for use by housewives who have been unable to find their favorite brands of fats on grocers' shelves.

The quantities are about the same, she explained, but the methods of combining the oils with other ingredients for baking is much different.

Directions for using cooking oils, generally available and for approximately the same points as for firm fats, are given in a mimeograph which is available, without cost, at the Home Demonstration office on the Berkeley campus, or at any County Agricultural Extension Office.

In addition to the directions for using cooking oils, Miss Faust has included a section on the use of home-rendered fat from meat drippings, or sausage, as a substitute.

Wisconsin is the leading dairy state of the Union.

VICTORY CIRCLE VISITS ALBANY CIRCLE

The Victory Circle of the Druids paid an official visit to the Albany Circle last Wednesday evening. Those who made the trip were Mesdames Adeline Santos, Emma Dias, Rose Brown and Joseph Gastelum.

Owens Valley Piute Indians claim to have been overlords of the region from the dawn of tribal existence until the coming of the whites.

The Bell System — the largest source of Radar for our fighting forces

This is not surprising for Radar development and production stems from the same roots that produced and continue to nourish this country's telephone system.

Radar, the instrument which enabled our land, sea and air forces to spot enemy targets through darkness, smoke or fog, was one of the outstanding fighting instruments of the war.

Two years before Pearl Harbor the Government asked Bell Telephone Laboratories to put its wide experience and knowledge of electronics to work to help perfect Radar as a military instrument. From then on the Laboratories cooperated closely in the Radar program with the National Defense Research Committee, with Army and Navy specialists, and with scientists of Great Britain.

The Western Electric Company, manufacturing branch of the Bell System, became the Nation's largest supplier of Radar systems. One type it made was universally used by B-29's in the Pacific for navigation, target location and high altitude bombing. Another played an important part in aiming the guns on our warships.

If you're waiting for a home telephone, it helps a little to know that Radar is one of the reasons. For years telephone manufacturing plants were devoted to war needs.

CALIFORNIA'S STATEWIDE BANK

Our sincere thanks to all of you who helped

When Japan bombed Pearl Harbor, Southern Pacific became perhaps the most strategic railroad in the United States. Serving the West Coast ports of embarkation from San Diego to Portland, and more military and naval establishments than any other railroad, we were called upon to handle an enormous load.

We were able to handle this load successfully because of the great work of railroad men and women up and down the line, and with the help and cooperation of thousands of people not actually working for the railroad.

Now the war is over. The job is done. But we of Southern Pacific will never forget the way people stood by us when the task sometimes seemed bigger than our railroad.

We send our sincere thanks—

- *to the Army, Navy and Government authorities for their sympathetic understanding of our problems.*
- *to the shippers who cheerfully put up with delays so that more vital war freight could go through on time, and who cooperated in many ways to conserve equipment.*
- *to our passengers, for their good-natured acceptance of crowded trains and other wartime discomforts.*
- *to the thousands of people who stayed off the trains to make room for service men and other essential travelers.*
- *to the press and radio which understood our operating difficulties and kept the public informed.*

We do not know how quickly Southern Pacific can convert from war to peace. Soon transports will be landing thousands of war-weary men at West Coast ports, and many more must be brought back from Europe. These men will want to get home as quickly as possible. We intend to do our best to carry them in the comfort to which they are entitled. This job comes first, of course.

Meanwhile, we are planning luxurious new streamlined trains, new travel comforts and refinements in passenger service, and improvements in freight service. We intend to go forward aggressively with the West, earning our right to serve you solely on merit and performance.

A. T. MERCIER, President

S·P *The friendly Southern Pacific*

219A

Mrs. America will have an easier time with her red point budgeting this month, as many point values of meat and fats have been lowered one to three points a pound. Butter is now twelve points a pound instead of sixteen and margarine is twelve, down from fourteen. Canned milk is point-free, and cheese point values have been cut in half. Almost all cuts of beef, lamb, veal and pork are lower. For example, T-bone steaks were lowered from eight to five points per pound, and leg of lamb was lowered from six to four.

Capital punishment was abolished in Switzerland in 1942.

FARM NEWS
AGRICULTURAL EXTENSION SERVICE

SOUR OUTLOOK IN SUGAR

World sugar production for 1946 will be somewhat larger than in 1945, according to George Alcorn, specialist in marketing, Agricultural Extension Service. This increased supply will still be insufficient to meet unrationed demands at current prices for sugar. Sugar beet acreage in California for 1945 was 102,000 acres as compared with the prewar average of 163,800 acres. The state acreage fell as low as 77,000 in 1944. Alcorn says this decline in wartime was caused largely by the greater profit in competing crops such as alfalfa, tomatoes, potatoes and grain.

"California beet producers will find demand for increased acreage for 1946," Alcorn said, "but whether or not the sugar shortage will be acute in 1947 is not known."

Alcorn says production in Cuba may be slightly larger next year. Production of beet sugar in Europe should increase during the next several years. Sugar production in the Philippines should be expected to increase. World sugar supplies are still the smallest since the start of the war, about 20 per cent smaller for 1945 than in 1944.

CAUTION WITH DDT

Inquiries regarding DDT suggest further explanation is necessary to avoid confusion as to the results to be expected from its use.

Many people seem to think because several million pounds of DDT have already been used for the control of disease-carrying insects by the Army, Navy, and Public Health Service that DDT is proven for use around the home. It must be remembered that most of this DDT was used under the direction of trained personnel employing formulations that had been proven for specific purposes under varying conditions. The knowledge of practical uses of DDT insecticides in agriculture and around the home is still far from complete. Experimentation under many varying conditions has been carried on for over a year by the University of California and is still in progress. These experiments included investigations of the possible uses of DDT insecticides against many insect pests on a great variety of crops and animals and in buildings.

The results of these experiments, which in most cases the University considers preliminary small-scale experiments, are already available through the Agricultural Extension Service offices, but the outcome of more extensive tests is still to be determined. For some purposes and under certain conditions the effective and safe use of DDT by civilians at this time is possible as for control of flies in dairies. The Agricultural Extension Service is prepared to cooperate with interested dairymen who wish to assist further by applying DDT in their dairy barns through methods believed to be safe for dairy stock and humans.

DDT will have an important place in insect control along with other materials already in use. Until some complete information is available, the Agricultural Extension Service recommends persons using DDT insecticides be sure of their procedure. The Agricultural Extension Service will supply upon request such information as is at present available.

Reduced military requirements, following end of war with Japan, and a larger 1945 pack will make nearly 40,000,000 additional cases of canned vegetables available for civilian usage.

Surplus army trucks in increased numbers are becoming available to relieve the tight farm transportation situation. Regulations provide these trucks must be directed to areas where food production is likely to be impaired. The trucks vary in size from one-half ton to two and one-half ton.

CANNED FRUITS

The fall fruits which are now ripening are prime favorites when canned for winter use. Pears, plums and prunes, nectarines and figs are on this list and all of them find wide use not only as simple canned fruit but in salads and in a variety of interesting desserts. Any type of boiling water bath canner is safe and satisfactory for home canning of fruits and tomatoes, according to Hilda Faust, nutrition specialist for the Agricultural Extension Service of the University of California. The high temperature of a pressure cooker which is so important for safe preservation of meats, fish, and vegetables is not needed for fruits. Complete directions for preparing fruits, berries, and tomatoes will be found in an eight-page circular, Home Canning, prepared by Hilda Faust. This is available free of charge from the Agricultural Extension Service, Basement of P. O. Building, Hayward.

TIPS ON DORMANT BUDDING

This is the season for fall dormant budding of deciduous fruits. In dormant budding the bud and the stock unite, but no growth results until the following spring. Farm Advisor T. O. Morrison gives a few suggestions for dormant budding. He says you should be sure to select your buds from wood that grew this season, and by all means, select your bud wood from a known producer of high quality fruit. Place the bud sticks in a damp sack after clipping off the leaves and be sure not to rub off the buds in the axils of the leaves.

The trees should be irrigated ten days in advance of budding so the bark will slip readily.

After cutting the bud from the bud stick insert it into the incision in the stock as soon as possible. Avoid contaminating the freshly cut surface of the bud shield with dirty, sweaty hands. If the inserted bud remains green after three weeks, you can usually figure that the operation was successful.

Farm Advisor T. O. Morrison says he will be pleased to give further instruction in dormant budding to interested growers who call at his office, basement P. O. Building, Hayward.

FARMERS AND THE POST-WAR MARKET

About one farmer in four in Alameda County is looking forward to the time when he can buy a tractor or some other piece of farm machinery, now that the war is over. This estimate is given us by Farm Advisor T. O. Morrison and he says farmers expect to buy automobiles or trucks with their wartime savings. Next to new machinery, the farmers want new home furnishings, improvements to the farm home and other farm buildings, and electric equipment. And best of all, the farmer has the cash or credit to buy the things he would like to have. He has cash or Government bonds values at 83 billion dollars, according to the U.S. Department of Agriculture. Many of Alameda County farmers remember what happened to farm prices and land values after World War I and are planning to save for the hard times that they think may come in addition to purchasing the things needed for their farm operations and better living in the post-war period.

Light Up for Youthful Seeing

Did you fall asleep last night, halfway through your reading? Did the print seem to disappear right through the paper? Do not blame it all on the hard day you had at work or that you think you may be getting old. The chances are that the lighting was to blame!

This is a good time of the year to check on the lighting in your home. Get rid of blackened bulbs, root out and replace the small-sized bulbs that have been put into the lamps you read and work by. And when there are students doing homework at night, make certain they have the best of study light for concentrated eye work. Good light for study is so vital because—*one of every FIVE children in grade schools* suffers from impaired vision *and TWO out of every FIVE college graduates* have defective sight. Light up for youthful seeing as fall days darken into winter.

MISSION SAN JOSE NEWS

Darol Cross, son of Mr. and Mrs. Floyd H. Cross, of Redwood City, is spending a week's vacation with his grandmother, Mrs. Elsie Wilcox, at the home of his aunt, Mrs. Lois Justus.

Mr. and Mrs. Manuel Semas and daughter, Mrs. Hazel Thacher, and son, Lester, spent the holiday at Pescadaro visiting the John Cardozas, and fishing.

Miss Evelyn, Donald and Richard Meyers, family of Mrs. Grace Meyers, are vacationing at Camp Connell, California, with their aunt, Mrs. Dora Connell, and family. They also spent some time at Douglas Flat with another aunt, Mrs. Frank Gionneni.

Mrs. Maude L. Parker of San Jose, who has been at the home of Mrs. Emily Peneiro for some time, has returned to her home in San Jose.

Little Miss Marilyn Rodrigues, daughter of S/1 George and Mary Rodrigues of the Mission, acted as hostess to a number of her little friends at her parents' home on Sunday, Sept. 2nd. She was celebrating her fifth birthday and had her aunt, Mrs. Rita Amaral of Sunnyvale, as co-hostess, as they have the same birthday dates. The young folks played games and had a lovely time watching Miss Marilyn opening her birthday gifts. Her favorite one was a lovely doll with "real hair", so Marilyn says.

Those present to help her celebrate were Albert Santos, Joanne Reis, Robert and Rodney Albert, Rodney Dias, Rose Marie Amaral, Carol Jean Silva, her sister, Dorothy Mae, grandma and grandpa Lawrence and Marie and Virginia and all the mamas of the little folks. Two lovely cakes, one for the five year old, and one for the aunt, adorned the center of the table. Delicious refreshments were served by Mrs. Rodrigues. She took pictures of the guests and the cakes for Marliyn's scrap book.

Coming via "Baby Express" to the Silva Maternity home in Niles, little Marvin Joseph Reis arrived on VJ Day, September 2nd. He is the only son of Pvt. and Mrs. Joseph Reis of the Mission, and Joanne, his sister, will welcome him home shortly. The young man weighed 7 pounds 15 ounces. His daddy has been at Camp Hood, Texas, for six months, and is now at Camp Beale and hopes to get that long awaited furlough.

Stanley Garcia, son of Mrs. Rosalyn Garcia, has returned to his home here after spending several weeks in Pacific Grove with his paternal grandmother, Mrs. A. Garcia. He will be with her again in their home in Irvington before school begins.

Miss Lillian Ladigus and Miss Abbie Sunderer motored to the San Francisco side of the bay this week end to visit and get fruit for canning.

Miss Marilyn and Carolyn Tetrich and their mother and Mrs. Teddy Perreira, motored to San Jose one day last week to shop and enjoy a day of relaxation.

Joseph P. Massera, brother of Mrs. Lena Solon, arrived in the Mission, his former home, to spend a couple of days last week. He is a veteran of a number of battles in Europe and was stationed in Germany prior to his return to the U.S. and his discharge. He visited Mrs. Sara Boggini and Mrs. Josephine Fernandez and family before returning to his job in Stockton.

Mr. and Mrs. Dominic Senseri and family and Mrs. Grace Meyers and M.M.1/c Howell Boggs spent Labor Day in San Francisco picnicing and taking in the places of interest.

Mrs. Lena Solon was hostess to a group of friends on Saturday evening at the Solon home here. The celebration was in honor of Cyrus Solon's birthday. She served a delicious barbecued dinner in their outdoor patio with all the good things that go to make one of those affairs worth while. There was a huge birthday cake as a center piece, and every one enjoyed it all very much.

The guests were as follows: Mr. and Mrs. Joseph Soares, Mr. and Mrs. Pete Boggini and son David ofy San Jose, Mr. Charles Boggini of the Mission, Mr. and Mrs. Saunders of Camp Parks, Mrs. Myrtle Buck and son Wynn and Mrs. Hannah Rose of the Mission, and Mr. and Mrs. De Salles.

Pvt. Edwin Buck of Camp Beale is spending a three day pass here with his wife, Myrtle and son Wynn, at the home of Mrs. Hannah Rose, his mother-in-law.

GLEASON GIVEN COORDINATING POST

Sheriff H. P. (Jack) Gleason, law enforcement coordinator for Alameda County, was unanimously selected regional coordinator at a meeting of law enforcement coordinators for the nine bay counties.

Under the California Disaster Act passed by the last legislature provision is made for mutual aid in law enforcement between cities within counties and between counties within prescribed regions in the state, in event of disaster or other great emergency.

Duties and responsibilities of the coordinators are:

To inventory and keep a record of manpower, equipment and supplies available within their areas.

To develop minimum standards to adequately meet emergency situations.

To develop, maintain and coordinate communications and radio services.

To develop and maintain an information center for use by all agencies within the area of coordination.

To provide for the dispatching of adequate mutual aid in manpower and equipment from various law enforcement agencies within his sphere of influence to any area within it which may be stricken and in need of assistance.

To cooperate with the chief lew enforcement officer of the State of California and with other coordinators in developing mutual aid plans and putting them in effect.

...Around the Township...

Elaine Thornburg Has Birthday

Elaine Thornburg, daughter of Mr. and Mrs. Dwight Thornburg, departed from the usual routine of birthday parties when she celebrated her eighth birthday last week. In addition to the ice cream, cake and games, Elaine soloed on the plano, playing "The Story of the Five Little Pigs," put to music. The little guests, who enjoyed the extra entertainment, included her sister, Nancy, Anita Bailey, Donna Moore, Patsy Rouse, Beverly Lopez, Rose Marie Kommes, Alberta and Rosemary Abreu, and Aretha Smith. Also at the party was Elaine's grandmother from Stockton, Mrs. Harriet Farr.

Mrs. Gastelum Celebrates Birthday

A birthday party in honor of Mrs. Joseph Gastelum of Newark was given by members of the Newark Sportswomen's Club last Tuesday evening at the Gastelum home in Newark.

The Sportswomen included Mrs. Elsa Mikkleson, Mrs. Ora Rabor, Miss Leona May, Mrs. Louise Springer, Miss Emma Dias, Miss Joyce Ruskoski, and Mrs. Inez Caldeira.

Evelyn Brown Home

Miss Evelyn Brown, daughter of Mr. and Mrs. J. Brown of Warm Springs, returned last Sunday from a two day vacation at the home of Miss Joan Morse of Vallejo.

Miss Brown is an employee of Washington Union High School.

J. W. Boylins Visit

Houseguests at the E. A. Ellsworth home are their daughter and son-in-law, the J. W. Boylins of Los Angeles. The couple, with their two children, are dividing their time between here and Berkeley.

Home in Paradise

Seeking a mountain retreat for their vacation, the James Emersons have finally found one in Paradise Park in the Santa Cruz Mountains. They have bought a summer home there.

Martha Ferraris To Wed Sunday

Martha Ferraris, daughter of Mr. and Mrs. Angelo Ferraris of Centerville, will be Mrs. Melvin Marshall this Sunday, when she says her vows at the Holy Ghost Church at a two-o'clock ceremony, to be performed by Rev. Alfred Souza.

It will be an all-white wedding, the bride wearing a satin gown with a long train, and a finger-tip veil. She will carry a prayer book and white orchids. Preceding her down the aisle will be three bridesmaids and a matron of honor, who will also be attired in white, and will carry French bouquets. The matron will be Mrs. Calvin Olivera. The bridesmaids: the Misses Diane Ferraris, Elaine Lewis and Dorothy Domenici.

Calvin Olivera will stand up with the groom as best man, and the ushers will be Lennie Laudenschlager, Joe Schelbert, and Debbie Azevedo.

Following the ceremony a reception will be held at the Ferraris home.

Both the bride and the groom are graduates of Washington High School, and are well-known locally, the bride having been employed at the L & V, and the groom, the son of the late Mr. and Mrs. John Marshall, employed by building contractor, R. A. Griffin.

The couple plan to live in Niles.

Dinner Honors Newlyweds

A dinner in honor of newlyweds, Mr. and Mrs. Lawrence Costa of Newark, was given last Monday night at the home of Mr. and Mrs. A. L. Costa of Decoto.

The couple was married in Reno two weeks ago. Mrs. Costa is the former Lillian Calderia of Newark.

Costa works as a clerk at the M. D. Silva Store in Newark.

Mildred Munro Returns to Niles

Mildred Munro, daughter of Mr. and Mrs. Hugh Munro of Monticello, returned to Niles Friday, Sept. 1, as a guest of Mrs. Marie Milburn of Niles.

A graduate of the Niles Grammar School, she attended Washington High School before leaving for Monticello with her parents.

She plans to make her permanent home here, having taken a position with the Schuckl Canning Company.

To Celebrate Birthdays

A dinner in honor of Miss Margaret Ashton of Niles and William Gould of Newark will be given tomorrow night in San Francisco to celebrate their birthdays which occur on the same day.

The party will be given by Mr. and Mrs. Mervin Telles, of Irvington, Miss Lorrayne Silva of Newark, and Miss Gladys Rose of Niles.

Fourniers Return

Mr. and Mrs. M. L. Fournier returned last Saturday after a three weeks' vacation at the summer home of Mr. and Mrs. R. W. Bennett in Volcano.

They were greeted on their return by their daughter, Lt. Jg. Muriel Fournier Silva, who is stationed at the Ferry Building in San Francisco.

Leaves for Volcano

Miss Beverly Bennett left last Saturday for a three day visit in Volcano with her mother, Mrs. William Rouse of Berkeley, at the home of Mr. and Mrs. R. W. Bennett.

She planned to spend the remainder of the week with her parents in Berkeley.

Vyonne Vieux Engaged to Flyer

Once again Uncle Sam has played Cupid. This time he is instrumental in bringing together WAVE Vvonne Vieux and Lt. John L. Sandlin, whose engagement was announced last week.

Miss Vieux telegraphed the happy news to her mother, Mrs. Leon Vieux of Niles, from Washington, D. C. Her fiance, son of Mr. and Mrs. Harvey Sandlin of Dallas, Texas, was her 'boss' in the office where she worked in Washington as a WAVE for the past two years. He is in the Army Air Corps and a graduate of Texas A. & M. An electrical engineer, he also attended M.I.T. and, during his service in England, attended Oxford University.

Miss Vieux is well-known locally. She is a graduate of Washington Union High School, and later attended San Jose State and Stanford, where she studied chemistry. Prior to her entry in the service, she was employed at Westvaco as a chemist. She has one sister, Jeanette, and a brother, Leon.

No definite date has been set for the wedding, pending discharge from the service for the pair. This much is known, however. They will be married in Washington, and will make their home in Texas.

Group Picnics In San Francisco

Irvington, Mission San Jose and Milpitas were all represented last Sunday when a group of friends joined for a picnic in San Francisco.

The list included Mr. and Mrs. Joseph Borge and family of Mission San Jose, Mr. and Mrs. John Coelho and family, Mr. and Mrs. John Williams and son, and Peggy and Beatrice Williams of Milpitas. Also included were Mr. and Mrs. Harry Avilla and son, Mr. and Mrs. Edward L. Rose and daughter, Carrol Anne, and Marie Piraro of Irvington.

Wayne Days Back in Irvington

Mr. and Mrs. Wayne Day and daughter, Phyllis, returned to Irvington recently after living in Alameda for two years, where he worked for the Naval Air Station.

He began working for Edward L. Rose as a plumber last Tuesday when Rose opened his new plumbing shop in Irvington.

Having Fun

It's something we all want to do—get away from it all for a few days. The Irving Hirds are doing it this week, by staying at a San Francisco hotel and taking in the shows.

Smorgasbord Supper

Following the Kraftile picnic at Linda Vista Park last Sunday, Mrs. Tom Robbins invited sixteen guests in to a Smorgasbord supper, in order to prolong the fun.

Mrs. Militz Back From New York

Mrs. Richard Militz returned to Irvington Wednesday, August 29, after a ten months' visit with her husband's parents, Mr. and Mrs. Henry Militz of Rochester, New York.

While there she visited the Thousand Islands and Niagara Falls, but she is waiting for her husband, M. 1/c Henry Militz, to return from overseas before touring New York City.

She is now living with her parents, Mr. and Mrs. L. Irwin of Irvington.

Home After Three Months

Mrs. Carmen Foster and Mrs. Terry Dooley of Irvington returned Wednesday, August 29, from a three months' vacation in Phoenix, Arizona, where they visited Mrs. Dooley's sister, Mrs. Ruth Stuart.

Labor Day Celebration

Mr. and Mrs. Manuel Rose and daughter, Dolores, of Niles, celebrated Labor Day two days early this year.

Saturday they saw the Oaks win a game from Hollywood at Oakland, then crossed the bay to have dinner with San Francisco friends at the Lucca, and later saw Leo Carrillo at the Geary in the hilarious "Bad Man."

House Guests From Oakland

James Rose and daughter, Pat Rose of Niles, entertained houseguests last week-end from Oakland and San Francisco.

The guests included Mr. and Mrs. George Kaher and daughter, Etta, Mr. and Mrs. George Kaher Jr. and daughter, Maureen, and Daniel Kaher, all of San Francisco, accompanied by Jack Kaher of Oakland.

Decoto Group At Hidden Valley

Several of the members of the Decoto Discussion Group held a get-together picnic Thursday, August 30, at Hidden Valley Inn.

The group included Ethel Avilla, Amy Brown, Leontine Costa and children, and Mrs. Frances Mara and daughters, Wanda Roe and Diana.

The women and children enjoyed an afternoon of swimming and horseback riding.

Oakland Visitors

Axine and Florene Harris of Oakland were the guests of Gunnersmate 2/c Harry Allen and his wife, Storekeeper 2/c Billie Allen of Niles last Sunday.

The four had attended a picnic at March Creek on Saturday afternoon given by the Oakland Naval Supply Depot where the three women work.

Clergymen Vacation

Clergymen, too, must take their vacations. Last week Mr. David Jacobsen, minister of the Presbyterian church, and Mrs. Jacobsen, spent a few days at Zephyr Cove at Tahoe. And Rev. E. A. Groves, vicar of St. James, and Mrs. Groves, have just returned from a three weeks' vacation spent with friends in Colusa and San Mateo.

Houseguests of the Groves this week are Rev. and Mrs. Richard Trelease, Jr. of Kansas City. Rev. Trelease attended Divinity School in Berkeley with Rev. Groves.

Paul Krueger Home

Paul Krueger was the guest of his parents, Mr. and Mrs. L. W. Krueger of Irvington, last week-end.

He was recently discharged from the Navy and is now working for a sugar company in Salinas.

Attend Ice Follies

The Ice Follies is still packing them in. Localites who attended the matinee last Sunday were Betty Silva, Mrs. Julius Berchem, Norma Biale, Jacqueline Biale, Mrs. William Silva and Mildred Martin.

In Monterey

Mr. and Mrs. Anthony Rogers and Mr. and Mrs. Jerry Rebello and family of Niles left last Saturday for a three day vacation in Monterey.

The two families planned to stay at a Monterey resort.

Go to Tahoe

Taking advantage of the Labor Day holiday, Mr. and Mrs. R. Cozzi journeyed up to Truckee and Lake Tahoe. They report that the weather was surpassed only by the beautiful scenery.

NO MORE HARD WATER

Everybody complains about hard water, but has anybody DONE ANYTHING about it? YES . . .

The NILES FURNITURE COMPANY now has the SOFTENER APPLIANCE, which will provide your household with soft water at any hour, every day!

This amazing water softener can be easily installed in your home. No money down. Easy monthly payments.

Here's what the water softener can do for you:

Keeps your clothes from wearing out. (Clothes washed in hard water wear out TWICE as fast as they should)

No more tough food. (Hard water cooking toughens food)

No more clogged water pipes (lime deposits from hard water clog pipes)

No more "can't-do-a-thing-with-it" hair (shampoo your hair in SOFT water, and see the difference!)

No more wasted soap. (In hard water soap unites with the lime to form an insoluble curd)

THE EFFICIENT WATER SOFTENER IS THE HOME LUXURY WITHIN REACH OF ALL!

SEIDEL URGES H. S. ATTENDANCE

Stressing the necessity of completing a high school education, County Superintendent of Schools Vaughn D. Seidel appealed to boys and girls of Alameda County to register in the various high schools which are now opening in the county.

Amazing new developments have been taking place during the war in science, mechanics, transportation, industry, government and world organization. Courses embodying these new trends will be part of the curriculum offered for the benefit of the young people that enter school this fall.

Superintendent Seidel pointed out to boys and girls and their parents that a knowledge of these developments gained in high school now will make more able workers and useful citizens later.

LOCAL GIRLS ENROLL AT ST. MARY'S

Twelve day-students of the township were present when classes were called to order last Monday for the students of Saint Mary's of the Palms in Mission San Jose.

The students included Cecilia Schneider and Irene Caldron of Mission San Jose who entered the eighth grade, Dolores Tibbets of Irvington in the fourth grade, Rose Caldron of Mission San Jose going into the third grade, and Carrol Anne Rose of Irvington entered the first grade.

The other seven children are in pre-primer classes. These include Mary Tibbets, Patsy Pine, Adeline Fontes, Dianne Mendoza, and Barbara Clark of Irvington, Dolores Caldron of Mission San Jose, and Jean Agnes Torres of Niles.

In addition to the twelve day-students, the school has 156 boarders. The teaching staff includes five sisters and one music teacher.

FRED'S RADIO SERVICE IN NEW BUILDING

Fred's Mercury Radio Service, owned by Fred Costa of Decoto, will be moved to a new building next to the Decoto Grammar School when the building is completed by his father, A. L. Costa.

The new shop will also feature electrical appliances and supplies, along with the already established radio service.

Costa graduated from the National Radio Institute of Washington, D.C., last year.

A CORRECTION

We regret that we were misinformed as to the announcement of the engagement of Rebecca Jean Robinson which appeared in our last week's Register. Mr. and Mrs. William Robinson have not announced their daughter's engagement, and have no intentions of doing so at the present time.

Miss Robinson returned to Chicago last Wednesday where she will resume her studies and complete her senior year at the Riverside High School.

DECOTO GROUP PLANS FOR SKATING PARTY

Plans for a skating party for Decoto school children were discussed when the Decoto Recreational Council met last Friday evening at the home of Mrs. Leontine Costa of Decoto. The party will be given as soon as the arrangements for renting the Hayward Skating Rink are completed.

The council also made plans to help Joseph Garcia, who was injured while playing baseball for the A team which was sponsored by the council. He suffered a fractured collar bone in the last game of the series when an opposing player ran into him.

The Recreational Council, which operates solely for the youth of Decoto, issued a call for new members this week. All who are interested are asked to contact David Janeiro.

RITES HELD FOR PETER FREITAS

Funeral services were said last Monday at 9:30 mass at St. Edward'sChurch in Newark, for Peter Freitas of Elm Street, Newark, who died August 30, as a result of injuries received in a 24-foot fall from a barn on which he was working at the Patterson Ranch in Newark. He was rushed by the Chapel of the Palms ambulance to Dr. G. S. Holeman's office and thence to the San Jose Hospital where he died.

He was the husband of Frances Freitas, the father of Evelyn Secada of Newark, and the brother of Joaquin Freitas and Antone Freitas of Oakland, and John Freitas of Newark.

He was a member of the United Ancient Order of Druids of Centerville and the carpenter's union.

Final interment was in the Holy Ghost Cemetery in Centerville.

TWENTY YEARS AGO...

(From the 1925 files of The Township Register)

Cyrus Solon Sr. celebrated his 28th birthday in Mission San Jose within a few hours of the occasion of Cyrus Jr.'s 5th birthday party.

The Bluebird Club of Newark met at the home of Delphine Costa to make plans for a Hallowe'en dance at the Newark Pavilion.

Eph Musick, principal of Newark Grammar School, was suffering from a strained neck which required medical attention.
